Crop-Thruster

Foliar Feed

1-0-0

LOT# 100452

2.5 Gallons (9.46 L)

Keep out of the reach of children.

May be harmful if swallowed.

Do not freeze.

Shake well before use.

Guaranteed analysis:

Total Nitrogen (N).....	1.00%
1.00% water soluble organic nitrogen.	
Sulfur (S)	2.00%
Copper (Cu).....	0.10%
Iron (Fe)	0.15%
Manganese (Mn).....	1.06%
Zinc (Zn)	0.41%

Derived from: Hydrolyzed vegetable protein, Iron sulfate, Copper, Manganese, and Zinc amino acid complex.

Limited Warranty: Live Earth Products warrants that this product conforms to the guaranteed analysis. Liability of Live Earth Products is limited to replacement of any product which does not meet these specifications. Buyer assumes all associated risks and Live Earth will not be held liable for property damages or personal injury resulting from the use, storage, or handling of this product.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

Directions for use:

Do not apply undiluted

Soil application: Apply to soil by either banding in the row or disking in at a rate of 24 to 48 oz. of *CROP THRUSTER* with at least 10 to 20 gallons at or before planting.

Direct seed application: Apply 24 to 48 oz. *CROP THRUSTER* per acre diluted with 4 to 6 gallons of water, directly to seeds at planting.

Coating seeds: Mix 12 fl. oz. *CROP THRUSTER* with enough seed for one acre prior to planting. Coat all seeds evenly.

Foliar Application: Apply 48 to 96 fl. oz. per acre depending on crop and soil conditions. Dilute with at least 20 parts of water and apply to the foliages of the crops approximately 20 to 40 days after emergence when they are 4 to 8 inches high or when they show signs of stress.

For professional and home/garden use.
