45% Humic Acid derived from humic shale ore.

Safe for use around pets and children.

Contains No Sewer Sludge or animal waste/byproducts and can safely be used in vegetable gardens.

Available in: 25# bags, 50# bags, 1-ton totes and bulk.

Live Earth Soil Conditioner, is an organic soil amendment for use on all turf, ornamentals, and crops. It is an ideal solution to increase organic matter concentration in the soil. It is a mined ancient plant deposit, and delivers the highest humic acid & organic matter content of all our granular products. Because it contains only aged ancient plant matter, it is safe for use around pets and children.

Soil conditioner is 100% Humic Shale ore, without fillers, binders or other additives. It can be safely applied at any time during the growing season without risk of burning. Additionally, the humic acid contained in our Soil Conditioner may increase the uptake of nutrients.

For professional & homeowner use.

Safe for use on all turf, greens, vegetable gardens, flowers and ornamentals.

Apply Only as Directed
Turf:

- Apply 10-25 lb per 1,000 sq. ft.
- Water in after application.
- Product may take several irrigation cycles to completely dissolve, use accordingly on non-aerified putting surfaces.

• Apply quarterly or as needed.

Gardens and New Turf Construction:
25-150 lbs per 1,000 sq. ft. depending on soil type. Till into soil prior to planting.

Crops: 300-500 lbs per acre per soil analysis or as recommended by an agronomist.

Trees & Shrubs :

- Apply 10-15 lb per 1,000 sq. ft.
- Water in after application.
- Apply 3 times per year or as needed.
